### IPMC Mission
A voluntary forum established to share information on member policies and practices for project performance management. IPMC encourages other nations to participate, and seek to improve the effectiveness of earned value management of projects.
Double participation in the next year

Develop an international standard or principles for project management incorporating earned value management. Industry to take lead and responsibility. ISO 9000 model with third party accreditation.
Major Activities
Exchange information on EV policies & procedures
Exchange information on contractors using EVMutual recognition of contractor’s validated systemsAdvocacy of improved PM based on risk management and EVOutreach to industry, academia & professional associations
Implementation
IPMC is the vehicle for MOU implementation. US provides central information repository (http://www.acq.osd.mil/pm). Consultation where contracts requiring EV awarded by one participant in another participant’s country. Regular IPMC meetings, exchange of professional staff, extension to Defense organizations of other friendly governments.
International EV Applications
MIDS Program Multinational Defense Program 5 Nations/Contractors
US - GEC Marconi  France - Thompson  Germany - Siemens  Italy - Italtel  Spain - Enosa
Earned Value Management System Requirement
US - GEC Marconi  Earned Value Data Reporting Requirement
All Contractors
National Standard for Earned Value
Called up for all Major Crown Projects, irrespective of agency
Guidelines for Information Technology Projects also require EV
Industry initiated PPMS for use on smaller projects
Guidelines for Project Management includes earned value requirements Inserted by industry members of the standards committee, not by government.
NSIA/EIA/AIA/SCA/ASA authors Aug 9632 vs 35 criteria Criteria accepted by DoD Dec 96 Moving to ANSI standard Out for balloting Decision by July 97 Project Management Institute Working with Can, Aust, US, UK & India to explore common standards for PM Objective may be ISO Standard for PM ISO 10006 covers Quality in PM only.
